

• LONDON, UNITED KINGDOM

I build products for the markets¹ everyone else finds too operational to bother with².

Product leader at **Oxford University Press**. Ten years building in markets most people overlook, from African travel to UK telecare. Founder of **Afriktrip**, a traveltech startup that scaled to **28 African countries**.

Current work

UPDATED AUG 2026

Where my time goes at the moment. Everything below this section is history.

PRODUCT MANAGER Oxford University Press Five enterprise content platforms, a £1m+ portfolio, serving 200+ global partners including Apple, Google, Amazon and Spotify.	FOUNDER · PRE-PILOT Ansden An AI triage layer for UK telecare alarm centres. It absorbs false pendant activations and welfare calls so human operators handle the real emergencies. Racing the PSTN switch-off in January 2027 across 1.8m telecare households.	FOUNDER · LIVE Panlit An AI concierge for independent hospitality businesses, so a missed call is no longer a lost booking. Merchants onboarded across five countries.

Seven things I'd want judged. Each links through to the full account.

2020 – 2024 · Venture

Afriktrip / Direx

FOUNDER

Built the booking marketplace for African tours and experiences, from zero to **7,500+ listed tours across 28 countries**. Raised from Daniel Gross's Pioneer, shipped book-now-pay-later, and took it through Barclays Black Founder Accelerator and Envision.

- **Top 5**, Africa Youth in Tourism Innovation Challenge 2023
- Covered by **Disrupt Africa**, BenjaminDada, TechBuild

2026 – present · Venture

Ansdén

FOUNDER

Conversational AI triage for telecare alarm receiving centres. Sold as an operational efficiency tool, not as a machine that answers emergency calls. Entering the market through **paid eight-week shadow evaluations** on recorded call audio, priced deliberately below procurement thresholds.

Visit website →

- **1.8m** UK telecare households affected by the Jan 2027 PSTN switch-off
- **100+** housing associations and councils mapped as buyers

2025 – present · Venture

Panlit

FOUNDER

Took an AI concierge for independent hospitality businesses from nothing to launch in twelve months, clearing **Meta App Review** and UK telecoms regulatory approval along the way. Live since **May 2026**.

- Live merchants across **five countries** on three continents

2024 – present · Professional

Oxford University Press

PRODUCT MANAGER

Own five enterprise content platforms at the world's largest university press, a **£1m+ portfolio** covering metadata, taxonomy, rights and permissions, and digital distribution. They govern how **600k+ pieces of content** are described, classified, licensed and delivered to **200+ partners** including Apple, Google, Amazon and Spotify.

- Pre-seed and seed stage, global mandate

Community

GTVAdvice

CREATOR

The reference resource for technologists applying for the UK Global Talent Visa, built after coming through the route myself. Demystifies eligibility, evidence and recommendation letters on one of the UK's most competitive immigration routes, for people who have no one to ask.

- **70%** endorsement success rate among applicants who used the guidance
- Endorsed on the **Digital Technology** route personally
